**FOR IMMEDIATE RELEASE**

## **Polarion Software and HOOD to Jointly Run Technology Tour**

### *Challenges in the area of Requirements Engineering*

**Stuttgart and Munich, Germany, October 7, 2005** — Polarion Software, creators of fully integrated application lifecycle management solutions and services, and Munich-based HOOD GmbH announced today that the two firms will lead a technology tour on the subject of "Challenges in Requirements Engineering" at the beginning of November.

The event will take place on these dates and places:

- 04 November, 2005 in Stuttgart
- 10 November, 2005 in Munich
- 11 November, 2005 in Zurich

The Technology Tour is directed towards participants who would like to introduce or optimize requirements management in their enterprises, who would like to profit from the experiences of an independent consultancy which has specialized in requirements management, or who would be interested in an innovative web-based RM solution. Participants who deal with a distributed software development are especially sought.

The event is free, beginning is at 09:00, ending at 12:45. Further information is available at [www.polarion.com](http://www.polarion.com). Interested journalists can register themselves directly by e-mail at [g.versteegen@hlmc.de](mailto:g.versteegen@hlmc.de).
